The Report

The long-awaited visit to Indian Spice Train left bellies full and smiles on the faces of all members. To start the night, libations were had at Buffalo Wings and Rings. We had quite the showing for these beverages, and had to combine a couple of tables to get the group together. Aaron Madaris was brought by President Ivester as a potential new recruit ,however was nearly disallowed access to the meal due to disrespecting Member Tyson Dozier. After profuse apologies from Aaron, the president (ever so graciously) granted him access to join the group for dinner.

The meal was fantastic as always. We were seated in our own section as to not be bothered by the other commoners inside the restaurant. Poppadoms were requested twice – with a bit of a delay they did eventually reach the table and the chutni was delectable. Mike (the owner) graced us with an appearance and offered the sweet nectar of scotch to celebrate our presence. We ended with welcoming our latest member to CASACC; welcome to the club Aaron!

Our Next President:

Josh Lukas
