The Report

The visit to Indian Spice Train started out strong with a warm welcome and poppadoms already awaiting us. We were seated in our normal spot and the night began swimmingly. President Ivester brought the legendary Charlie Gay as a new member. After a vote, he was accepted as our newest member!

The meal left more to be desired. We typically experience flavorful food, but found our meals a bit bland to past comparisons. What was found to be lacking in food was made up in fun conversations with a good group!

The President set the tone for expectations of duty from past presidents, and offered some light discipline to those not adhering to the sacred words of our Constitution. As always, a sincere thank you to the hard work of Rob Bosma for his great upkeep of the site.

In closing, it was an honor to step into the presidency on short notice. Aaron had a scheduling conflict but was able to stop in at the end of the meal (as is clearly evident in the photo). He has graciously stepped up to be president for August.

Our Next President:

Aaron Madaris
