| General Comments: | | | |
| <p>This month's gathering was held at Taj Mahal restaurant in Covington KY. We started the evening at Braxton Brew House expecting only 5 people to attend. The positive news from the whole evening was that we ended up have 8 amazing members in attendance for this months feast. It was all down hill after that.</p> <p>First, as was announced in this month invite, we would be celebrating esteemed member Falter's birthday. We celebrated the birthday without member Falter. Perhaps he will take this group a little more seriously next time and show up.</p> <p>After drinks, we headed over to the place and we immediately told that there would be no free poppadom's with our meal. Your President paid for the poppadom's but this was a sign of things to come. This place really did not start off on the right foot. The evening moved on and the group ordered drinks. We later found out that a 12oz beer was \$6.99 and a 24oz beer was also \$6.99. Just more insanity from this place. It was very clear from the start that our server wanted nothing to do with the group and probably only wanted to deal with take out customers. There was only one other table being used in the place but the attitude from her was thick.</p> <p>Dinner was served at random times and the group was made to wait as the meals were brought out sporadically. Some members liked their meal and others did not. We finished up the meal and got the checks. The pricing was a high. My bill came to \$42 with tip, that is a hell of a bill for low grade dog food.</p> <p>The group finished up the evening by choosing the esteemed Tyler Small as the next president. I am sure he will find a more suitable establishment for our group than was chosen for the month of Sept. We should vote in Oct on banning this dump from ever being visited by this amazing group in the future.</p> | | | |
| Final Average Score: | 7.06 | | |

Member Holley deliberately left out of picture due to fear of car being towed.
